# Thank you for joining today's technical webinar

- Mute – all call in phones are automatically muted in order to preserve the quality of the audio for all attendees.
- Questions – during the session, questions can be submitted through the Questions Box on the right side of the screen . We will try to address your questions at the end of the presentation, time permitting.
- Follow up – all registrants will receive an Excel file listing all questions and responses along with a link to the recorded webinar.

# Safe Harbor

- The statements made in this technical presentation are based on our current knowledge of the tools.
- Our statements should not be construed to be an official “Vendor perspective”, but are intended to be the sharing of technical and user knowledge gained as we explore new paths and technologies, usually in advance of our clients.
- You need to make your own judgments as to the application of our shared ideas in your own, unique environment.

# Products and Services

- Authorized Oracle Primavera, Asta Powerproject and PMWeb Software Sales
- Experienced Industry Implementation Specialists & Consultants
  - P6, Contract Management, Unifier, Asta Powerproject, and PMWeb
- Custom Integration, Analytics, Dashboards, Risk and Role-based User Access
- Program and Project System Support Services and Partnering
- Mentored and Supported Project Staffing Resources

- Cloud Based, Global Managed Hosting Services
- P6 and Asta Cloud Team Deployments Reduce the Risk of Critical Data Loss
- **Project Status**, Java-free Risk and Collaboration Using P6 Web Services
- Contract Management Interface (CMI) – Extend Your PCM Deployment

# Abstract

**ProjectStatus** is a proprietary application developed by DRMcNatty to allow our customers to better leverage their P6 investment by expanding the use of P6 to Project Managers, Executives, and other stakeholders within the organization.

**ProjectStatus** provides organizations with a true "Thin Client" that works with your P6 database. Our goal is to provide customers with an agile, responsive application to increase user adoption, with no java requirements to operate.

# **Agenda**

- 1. Overview of ProjectStatus**
- 2. Review features from March 2015 Webinar**
- 3. Introduction of New Features and Enhancements**
- 4. Live Demonstration**
- 5. Questions**

# ProjectStatus

*Key Benefits provided by ProjectStatus*

- 1. Full use of P6 Functionality**
- 2. Speed – No JRE required**
- 3. Increase user participation / adoption**

# ProjectStatus Modules
