ORACLE PRIMAVERA ANALYTICS

Oracle's Primavera P6 Analytics is a packaged business intelligence solution that provides valuable insights into your Primavera P6 Enterprise Project Portfolio Management performance so you can uncover trends, discover root cause of issues and forecast costs, helping you to drive efficiencies in your project processes by making better decisions about your projects. Built on top of the Oracle Business Intelligence platform (Oracle Business Intelligence Suite Enterprise Edition Plus), Primavera P6 Analytics comes packaged with a new updated version of the Primavera P6 Reporting Database. All of the data loading, data mapping, data models and dashboard reports you will need to start gaining unprecedented visibility into your Primavera P6 Enterprise Project Portfolio Management projects and portfolios is included.

Providing the path to a complete solution, contact us for more information.

KEY BENEFITS

- Direct Web access
- Pre-packaged reports provide deep insights into projects as well as complete history and trends
- Quickly identify potential performance issues

DRMcNatty & Associates, Inc. (DRMcNatty) is a project management solution provider with offices in California and New York. Founded in 1989, DRMcNatty is an authorized reseller, trainer and consultant for Oracle Primavera, Asta Powerproject, PMWeb as well as internally developed web-services applications to support project management and control teams. DRMcNatty's industry experienced professionals provide full service implementation, integration, hosting, training, support and project staffing services for clients worldwide.

PARTNERING

DRMcNatty is Certified as a Federal Service Disabled Veteran Owned Small Business (SDVOSB) and State of California Small Business and Disabled Veteran Business Enterprise (SB/DVBE). Our services and support can help your team meet your goals on State of CA and Federal funded projects.

CONSULTING SERVICES

We offer a broad range of consulting services from conducting in-depth needs assessments and providing product implementation assistance, to developing sophisticated IT systems and deploying complete project management solutions. Regardless of the implementation stage, DRMcNatty consultants are available to assist you with bringing your project management system to its proper maturity.

HOSTING

MLM Project Services, Inc., (MLM) is a wholly owned subsidiary of DRMcNatty & Associates, Inc. specializing in the implementation and deployment of project controls software. MLM was founded to provide DRMcNatty's worldwide customers with a cost effective, scalable, and predictable solution for deploying their project controls tools in the web oriented, dispersed project team environment.

CUSTOM APPLICATIONS

Our custom applications development services are conceptualized, designed, and delivered by a team of highly adept enterprise/solution/technology architects, user innovators, design experts, and program management specialists with years of experience combined.

SOFTWARE SALES

A complete selection of Oracle Primavera, Asta Powerproject and PMWeb management software solutions each designed to meet the challenges of specific vertical industries.

TRAINING

Oracle Certified courses are available in a variety of training formats for multiple learning options.

PROJECT SUPPORT

DRMcNatty has a wide range of highly skilled project professionals that are available for long and short-term engagements that ensure your projects are a success.

IMPLEMENTATION

Assistance with the installation, configuration and testing of your project controls software on your servers and/or workstations.

INTEGRATION

DRMcNatty can assist in combining software modules or full programs with other software components in order to act as a coordinated whole or enhance the functionality of an existing one.

PROJECT STAFFING

DRMcNatty consultants are available to provide customers with long term staff augmentation to support scheduling and other related project controls functions.

WEB SERVICES SOLUTIONS

For organizations looking for a competitive edge by developing customized solutions to enhance their project controls solutions, DRMcNatty's team of developers are available to assist in the creation of customized solutions tailored to meet your needs.
